

Universal Remote Control

Battery Installation and Information

Programming Device - Code Input Setting

Code List

The GDRC-890DVG remote control requires two AA Batteries. To install the batteries

1 Remove the battery cover.
2 Insert the batteries, matching the (+) and (-) marks inside the battery compartment.
3 Press and push the battery cover back into the place.

Caution: If you do not plan to use the remote for an extended period, remove the batteries. They can leak chemicals that can destroy electronic parts.

Overview

GDRC-890DVG Remote control is the newly designed 2in1 remote controlling for 2 devices of TV & CBL. You can program your Remote Control to operate most models of most brands of infrared remote-controlled TV's in the world including the most updated Flat Screen TV's.

» Default Setting
TV: LG
CBL: Digicel STB

Your Favorite
For future reference, please write down working codes you are setting in the TV:

Device Type:
Note: When the remotes battery has dropped below 2.4V, the LED will flash 15 times indicating Low Battery.

1 Turn on the TV Power.
2 Locate the 4 digit code corresponding to your device in the code list.
3 Press "SET" button until the LED lights up, and then release all buttons.
4 Input the 4 digit number you chose from the code list...
5 If the wrong code is entered, the LED will flash 3 times indicating exit of the setting mode...
6 After inputting the codes, please test the remotes working status on the device.

Programming Device - Auto Searching Mode

If you could not find the correct 4 digital number after many times of code inputting, please use auto searching to locate the correct one:
1 Turn on the device you will control.
2 Press "SET" button until the LED lights up, and then release all buttons.
3 Aim Remote to the device (TV), press "TV POWER" button until the TV turns off, and then release all buttons.
4 Please test other function keys under TV are working. If any of the functions are not working properly, please repeat step 1-3 to locate the correct codes.

Note: When the remotes battery has dropped below 2.4V, the LED will flash 15 times indicating Low Battery.
